Well Worth Your Time
Jakarta, Anda Tidak Akan Menyesal

Lobby hotel menawarkan suasana kesunyian yang sangat sesuai untuk menenangkan jiwa anda setelah satu hari penuh dengan kesibukan, atau suasana romantis seperti suasana yang ditawarkan oleh Le Meridien. Silahkan juga mencoba suasana ketenangkan di lobby Grand Hyatt Hotel yang menawarkan suatu peragaan kue dan roti yang menggiurkan pada saat minum teh sore hari, dan dengan "band" yang memainkan musik klasik kesayangan anda serta daftar minuman yang pasti dapat memuaskan rasa haus anda.

Hotel yang bagus biasanya mempunyai brasserie yang menawarkan presmanan makanan Eropa atau Asia, menu a la carte, dengan suasana bisnis dan restoran dengan suasana lain yang terutama menawarkan mutu. Untuk menyebut hanya beberapa, Han's Chinese Restaurant di Grand Hyatt, Xin Hua dan Zigolini di Mandarin Hotel, Season's Cafe di Regent Hotel Jakarta, Pizzeria di Hilton International dan Bushido Japanese Restaurant di Sahid Jaya Hotel. Masih banyak lagi di hotel bintang empat sampai yang tidak berbintang dengan cafe dan restoran dengan menunya juga khas.

Dua dari tujuan wisata Indonesia di Jakarta adalah Taman Mini Indonesia Indah dan Taman Impian Jaya Ancol. Lokasi tersebut menawarkan hiburan bagi seluruh keluarga, kesenangan dan mainan untuk anak-anak, pilihan makanan serba ada serta fasilitas renang di kolam-kolam bening di taman airnya.

Tujuan wisata lainnya adalah Sea World dan Dunia Fantasi, versi Indonesia dari Disneyland nya Amerika Serikat.

Bila anda senang barang antik, di Jalan Surabaya anda akan menemukan keindahan tak terbatas dan beberapa toko cindera mata di Jalan Jaksa menawarkan banyak barang untuk koleksi anda.

Pertunjukkan budaya dan seni sering menyemarakkan pentas di Gedung Kesenian Jakarta. Dan pertunjukkan lainnya, termasuk tarian tradisional, dapat disaksikan di kompleks Taman Ismail

pay for it, too, you obviously need the true Jakartan touch.

For starters, the hotel lobby lounges offer settings that range from complete tranquillity suitable for unwinding after a busy day, to the elegance of a romantic rendezvous, such as the ambiance offered by the Le Meridien. Not to forget the relaxing atmosphere the Grand Hyatt Hotel lobby lounge provides coupled with the tempting display of pies and pastries during high tea, the classic band playing your favorites and an extensive drinks list guaranteed to quench your thirst.

The better ones have brasseries that offer international or Asian buffet, a la carte menus, with a business milieu to go with it and excellent restaurants of varied ambiance with only excellence to offer. To name just a few: Han's Chinese Restaurant at the Grand Hyatt, the Mandarin Hotel's Xin Hua and Zigolini restaurants, the Season's Cafe at The Regent Hotel Jakarta, Hilton International's Pizzeria, and the Bushido Japanese restaurant at the Sahid Jaya Hotel. The list goes on with the 4-star hotels all the way to the none-star rated ones proudly introducing their own cafe and restaurant versions with distinct menu specials.

Two of Jakarta's favorite attractions frequented by the "local tourists" are Taman Mini Indonesia Indah, and Taman Impian Jaya Ancol. They provide wholesome family entertainment, fun and games for the kids, an array of gastronomic delights, and a dip in the crystal clear pools of the latter's water recreation facility.

Other tourist spots include the Sea World and Indonesia's version of Disneyland known as Dunia Fantasi.

If you are into antiques, Jalan Surabaya would do justice to your want of beauty although certain art and curio shops around Jalan Jaksa may just as well have what you could be looking for to complete that collection.

Jakarta's art and cultural performances frequently grace the stage of Gedung Kesenian

Marzuki, yang terdiri dari beberapa galeri eksibisi, gedung pertunjukkan, Planetarium Jakarta yang terkenal dan beberapa bioskop Studio 21. Yang pertama berlokasi di tengah gedung-gedung bersejarah yang terindah di Jakarta termasuk Mesjid Istiqlal, yang tercatat sebagai salah satu mesjid terbesar di dunia dan Gereja Immanuel yang disebut hanya sebagai Katedral.

Di tengah Lapangan Medan Merdeka, berdiri tegak suatu monumen dengan api emas diatasnya. Inilah Monumen Nasional yang biasanya disingkat Monas. Tempat lain yang harus dikunjungi adalah Istana Negara dan Istana Merdeka.

Dan jangan lupa berkunjung juga ke Museum Nasional di Jalan Merdeka Barat dengan koleksi yang lengkap akan keramik Asia. Penggemar seni pasti akan senang.

Bila anda masih putus asa bagaimana caranya menikmati semua penawaran tersebut jangan kuwatir. Untuk tur, pesanan tiket penerbangan atau akomodasi hotel, mempercayakannya kepada agen perjalanan yang handal seperti Smailing Tour, Pan Travel, Setia Tours dan Vayatour.

Meluangkan waktu untuk menikmati keistimewaan kota Jakarta. Anda tidak akan rugi. ▮

Jakarta. Similarly, other such events, including traditional Indonesian performances can be witnessed at the Taman Ismael Marzuki complex, which is home to several exhibition galleries, performance halls, the city's famous planetarium and one of a chain of Studio 21 movie theaters. The former is located amidst a cluster of the city's most beautiful edifices reminiscent of a sentimental era that has aged gracefully over time including the Istiqlal Mosque, one of the largest mosques in the world, and the Immanuel Church, usually known simply as The Cathedral.

In the heart of the Medan Merdeka Square proudly stands a towering structure topped with a genuine gold-plated flame design, is the country's National Monument known as Monas.

Other "must-sees" are the Istana Negara (National Palace) and the Istana Merdeka (Freedom Palace). The National Museum along Jalan Merdeka Barat should not be missed, for its impressive collection of Asian ceramics is a real treat for the art enthusiast.

If you are still despairing over the possible ways of experiencing these delightful propositions, have no fear. To take care of your tour & travel needs, the experts are also at hand, making life much easier for you. Be it tours, airline bookings or hotel accommodations, leave the arrangements to the reliable travel consultants of Smailing Tours, Pan Travel, Setia Tours and Vayatour.

So take time to enjoy what this wonderful city has to offer. It will be worth the experience. ▮

MAL TAMAN ANGGREK

"Dunia Anda", The World at Your Feet

Upon walking into the front lobby, the average cosmopolitan is likely to feel overwhelmed by the immensity of this structure as much as pleasantly surprised with how much it has to offer. For the shopping buff, this place is most certainly utopia.

Mal Taman Anggrek, the largest shopping mall in South-East Asia, offers the widest merchandise mix of over 450 retailers. The six-storey mall is complimented with a three-storey parking area, and eight towers, housing over 2,800 two- and three-bedroom condominium units. ***Mal Taman Anggrek*** is strategically located at the Tomang intersection in Jl. Let. Jend. S. Parman, West Jakarta.

"We're very pleased to present the biggest and most complete shopping center in South-East Asia which has something for everyone. In addition to offering the largest and most unique selection of fashion apparel, accessories, gifts, sporting goods, electronics and home furnishings, ***Mal Taman Anggrek*** is a spectacular entertainment destination with movies, ice skating and casual or fine dining in the center's 30 plus restaurants and food court. All this promises to provide customers with one of the most enjoyable shopping and dining experiences in all of Jakarta," said Victoria Passerini, Advertising and Promotion Advisor of ***Mal Taman Anggrek***.

Mal Taman Anggrek is proud to announce that among their biggest anchor tenants are ***Marks & Spencer***, ***Anggrek 21***, a cineplex, ***Sky Rink***, an ice skating facility and ***Dapur Anggrek***, an international food court, joining nearly 200 specialty retailers now open.

Marks & Spencer

This flagship store at the Upper Ground Level of ***Mal Taman Anggrek*** is five times the size of its existing stores in Indonesia, also securing its position as the largest in Asia.

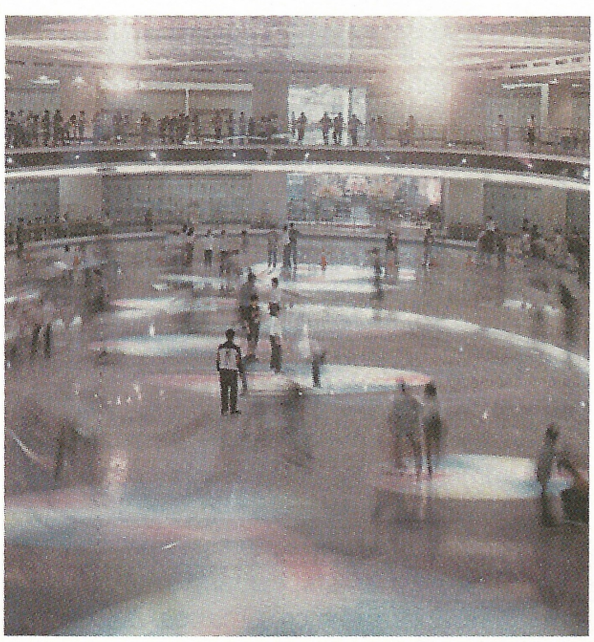
As the largest among the other 23 stores

in Asia, with a total area of 3,000 sq.m., it offers the widest range of merchandise with more than 2,000 items, including some new product lines, such as food items, children's wear, and a home accessories section. " This store has surpassed every other store in terms of quality and number of fitting rooms," said Eddy Haydar, General Manager of ***Marks & Spencer*** Indonesia. In total, ***Marks & Spencer*** store is complimented with 23 comfortable fitting rooms all attended to by advisers who assist with fitting, exchanging clothing and customer queries.

"People sometimes get embarrassed when they are trying on clothes and oftentimes get frustrated if they're not attended to. We've trained our fitting room adviser to give just the right amount of service. And when needed, they can provide advice on fit, style, size and color, added Mr. Haydar.

Sky Rink

Officially opened on August 20, 1996 this ice skating rink is located on Level Three of the mall. With a skating area close to that of an Olympic size rink, ***Sky Rink*** provides the most modern ice skating facility in Asia. Computers control the thickness of ice, humidity level, strength and smoothness of the ice surface. ***Sky Rink*** is complimented with 32 cyberlights and is expected to be one of the mall's feature attractions.



Dapur Anggrek Food Court

Strategically located on Level Four of ***Mal Taman Anggrek***, this 3,112-sq.m. international food court overlooks the ice skating rink and is the largest food court in Jakarta boasting a total capacity of 1,700 seats.

The food court named ***Dapur Anggrek*** is divided into two main sections of national and international cuisine, ranging from European, American and Asian. All of this can be found among the 45 uniquely designed food counters. Nearly 70% of the food court retailers at ***Mal Taman Anggrek*** are opening their outlets for the first time.

Anggrek 21

Located on Level Four, this new cineplex occupies a total area of almost 2,000 sq.m. ***Anggrek 21*** which is operated by ***Studio 21*** is complimented with four cinemas and one of the most modern audio digital sound systems in Indonesia.

"Our new anchors confirms our slogan that ***Mal Taman Anggrek*** is Your World, 'Dunia Anda,' offering a world of shopping, dining and entertainment choices," concluded Robert Muir, General Manager of

Indonesia – Could this be Asia's Next Shopping Paradise

Asia has been for many years a haven for bargain hunters and shoppers from all over the world. Long before the term "Tiger Economies" was coined, cities like Hong Kong , Singapore and Tokyo were glittering attractions to the tourist market. However in recent years, emerging-economies such as Thailand, Malaysia and Indonesia have experienced a boom in retailing that threatens to dislodge the crown from their more established neighbors. Indonesia in particular has set an electrifying pace in retail development and with the world's fourth largest population of just under 200 million, is set to become a genuine contender for the title of Asia's shopping paradise.

The capital city of Indonesia, Jakarta, is at the center of the country's growing affluence. Jakarta is a huge, bustling metropolis of around 10 million people. It is the administrative, political and commercial center for the vast archipelago nation. It is a city that offers a Kaleidoscope of local craft and art markets, clothing and footwear markets and a choice of foods that is im-

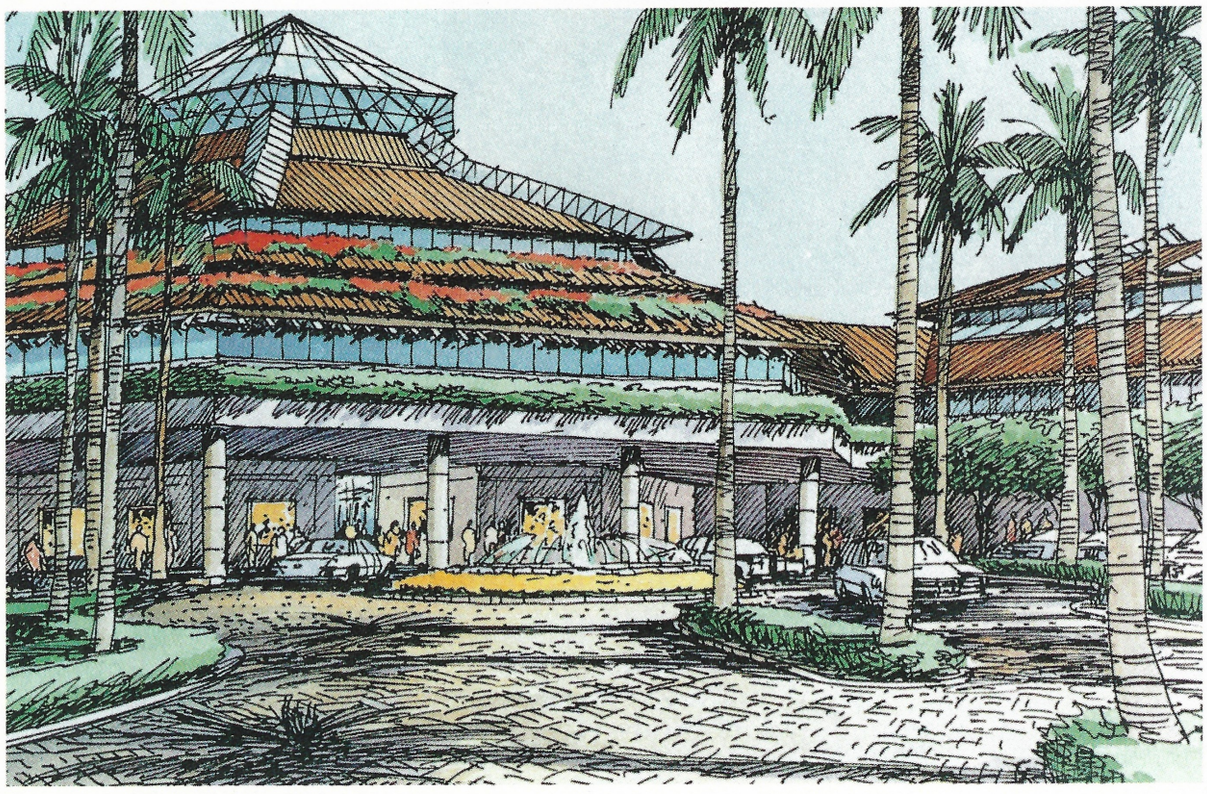
KOTA KASABLANKA

possible to resist. It is a city that is in every sense of the word, extraordinary. However, in recent times, a new style of modern and sophisticated shopping has emerged in order to satisfy the rapidly growing middle class. This has seen the appearance of many large shopping centers offering a variety of merchandise equal to that of anywhere in the world. All of a sudden, Jakarta has become a very serious player on the world retailing stage, attracting some of the most famous names in retail from all over the planet. In the space of four or five years , Jakarta has seen retail floor space in modern shopping malls increase around 10 million square feet today. This amount is likely to increase to over 15 million sq. ft. by the year 2000. This development has seen the appearance of names such as ***Giorgio Armani***, ***Prada***, ***Gucci***, ***Hugo Boss***, ***Ermenegildo Zegna***, ***Louis Vuitton***, and many, many more Department Stores such as ***Sogo*** and ***Metro*** from Japan and Singapore have opened two storeseach and have been joined in recent times by US giant's ***Wal Mart***, ***JC Penney*** and a further Japanese store, ***Seibu***. There are very few "names" that are not already in Jakarta and most of those will be opening their first Indonesian stores soon.



For those visiting or living in Indonesia, there are several shopping malls to choose from, each offering a different experience. For those looking for fashion, ***Plaza Senayan*** in South Jakarta has a spectacular array of international and local designers. Also, ***Plaza Indonesia*** at the base of the ***Grand Hyatt Hotel***, boasts an impressive choice of European fashion brands. For family fun and shopping, ***Lippo Supermal***, one of the largest malls in Jakarta, features a huge indoor recreation including a breathtaking, 400 metre long rollercoaster.

However, the best is still to come with many new malls opening in Jakarta and throughout Indonesia over the next two or three years.

Here is a brief overview of the exciting shopping that will be available soon.

Conrad International Plaza

This new mall will be part of the new ***Conrad International Hotel***. Due to open mid 1998, it will feature over 200 stores.

The main theme of this mall will be very upmarket fashion offering trendy Jakartans a truly urban shopping environment. It's address in the Sudirman Central Business

District on the prestigious boulevard, Jl Jenderal Sudirman guarantees that ***Conrad International Plaza*** will be a favored retreat among professionals and visitors.

Mal Ciputra

This major shopping mall development in the affluent Kuningan area will see a spectacular multi-level mall and entertainment center. ***Mal Ciputra*** will offer a choice of some 380 stores including some very impressive fashion retail names. It's stunning design revolves around four internal courts, each featuring a distinct international theme. These are the USA court, Indonesia Court, Europe Court and Asia Court. These courts will soar upwards over several floors and feature very distinctive decor themes, each relevant to the particular region the court represents. ***Mal Ciputra*** will also feature two complete levels of family leisure and entertainment including an impressive indoor theme park.

In addition to the growth being experienced in Jakarta, many of Indonesia's regional areas are also experiencing a surge in retail development. This includes world class malls in Bandung, Cilegon and Surabaya, all on the island of Jawa, as well as Ujung Pandang on the island of Sulawesi. These new shopping malls are also expected to open in the next 2-3 years.

At the forefront of the retail boom is property agent and consultant ***PT Procon Indah/JLW***. As a part of the worldwide ***Jones Lang Wooton*** property consulting group. ***Procon Indah*** provides an exceptional depth of service that has resulted in many international retailers coming to Indonesia. The company is actively involved with the strategic planning and marketing of a majority of Indonesia's new breed of shopping malls. ***Procon Indah*** believes that the next few years will see Indonesia establish itself as an automatic destination for many foreign retailers as it takes place among the world's leading shopping location. ◆

Where The High-Ups Get the Lowdown

Since its birth in 1983, *The Jakarta Post* has developed into Indonesia's most recognized journal of record.

Today, as we enter our 14th year, we've also become an important reference source for decision makers.

They know they can rely not only on the accuracy of our reporting but they can also gain a deeper background and wider perspective from a wide range of issues that affect Indonesia and its place in the world.

This is all due to our founders, who knew that producing a quality newspaper of international standards would require the very best of Indonesia's journalists and editors.

And it has paid off because today our readership is the elite of Indonesia's society.

This is especially gratifying because, although one of the paper's earliest aims was to cater to our fast-growing expatriate community, nowadays the overwhelming majority of our readers are bilingual Indonesians.

We've grown side by side with those who demand comprehensive coverage of local events, as well as counterbalancing the Western dominated perspective of global news and views.

As we approach the global millennium, we see ourselves as an open window; for the world to see how we work and for us to see how the world works.

It's a window of opportunity which we will continue to keep open.

The journal of Indonesia today. *And tomorrow.*
